An exempt well, identified by Chapter 36 of the Texas Water Code, is a well to be used solely for domestic use or for providing water for livestock or poultry on a tract of land larger than 10 acres that is incapable of producing more than 25,000 gallons of groundwater a day. If your proposed well does not meet this criteria, do not use this form. A permit is required.

If this is an oil/gas related well, please speak with District staff before you use this form.
